

The image shows the exterior of a hospital building. The main entrance is a covered walkway supported by white columns. Above the entrance is a blue sign with white text that reads "MAIN ENTRANCE". The building is constructed of brick and has a modern design. In the foreground, there is a paved area with yellow parking lines and a blue handicapped parking symbol. A person is walking on the sidewalk to the left. The sky is blue with some clouds.

Samaritan Pacific Communities Hospital

Building Healthier Communities Together

Welcome! Samaritan Health Services serves the close-knit Oregon communities of the mid-Willamette Valley and Central Oregon Coast. Our passion is providing world-class health care to our friends and neighbors. On the job and off, each of us brings the caring and personal commitment to enhance the health of the region we call home.

Surgery for lumbar spinal stenosis relieves suffering

The pain starts in the lower back or legs, and it worsens upon walking or standing. It's lumbar spinal stenosis — the narrowing of the spinal canal in the lumbar region — and it affects millions of individuals, especially those over the age of 50.
